OPPORTUNITY:**
IVYPAN PLUS SYRUP

IVYPAN® PLUS SYRUP

Your helpful answer in case of cough in connection with colds - with Ivy and Thyme!

Ivypan plus Syrup is a pharmaceutical OTC product used in productive cough associated with cold. The product is a traditional herbal medicinal product used for the specified indication, based exclusively on long-standing use.

Due to its mildly spicy natural taste of herbs, its rapid effect and its excellent tolerability, IVYPAN PLUS Syrup is a must-have in each home remedy kit.

Our purely herbal remedy has a gentle mucolytic effect in case of chesty cough. Furthermore, IVYPAN PLUS Syrup has an anticonvulsant effect on the respiratory tract and reduces the urge to cough. It's easier to fall asleep, and your body can regenerate more effectively.
